

Mywindparts and Hine Group

A strengthened historical partnership to offer you the best hydraulic solutions for wind power

With a leading position in the wind sector since almost 50 years, Hine Group designs, develops and manufactures hydraulic systems, hydraulic components and cooling systems with a requirement for quality and performance that gives it its position as a main supplier for hydraulic solutions.

Mywindparts and Hine Group strengthen their partnership in order to offer you a catalogue of more than 600 references of spare parts for the wind energy sector.

Together we will be able to offer you a quality service and responsiveness that makes our reputation today.

Our sales team, Guillaume, H lie and S bastien will answer all your technical and pricing requests within 48h.

Do not hesitate anymore and contact us.
